Rocklin, California

We have conducted a performance audit of the Sierra Joint Community College District (the "District") School Facilities Improvement District #2 ("SFID #2"), Measure G General Obligation Bond funds for the year ended June 30, 2012.

We conducted our performance audit in accordance with Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe the evidence obtained provides a reasonable basis for our findings and conclusions based on the audit objectives.

Our audit was limited to the objectives listed on page 4 of this report which includes determining the compliance with the performance requirements for the Proposition 39 Measure G General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIIIA of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for Sierra Joint Community College District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of Sierra Joint Community College District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution. Accordingly, we do not express any assurance on the internal control.

The results of our tests indicated that, in all significant respects, Sierra Joint Community College District expended Measure G General Obligation Bond funds for the year ended June 30, 2012 only for the specific projects developed by the District's Governing Board and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution.

SIERRA JOINT COMMUNITY COLLEGE DISTRICT SCHOOL FACILITIES IMPROVEMENT DISTRICT #2, MEASURE G GENERAL OBLIGATION BONDS

The Sierra Joint Community College District, Rocklin, California Election of 2004 General Obligation Bonds, Measure G were authorized at an election of the registered voters of the Sierra Joint Community College District School Facilities Improvement District No. 2 held on November 2, 2004 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of $44,400,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the construction, rehabilitation or replacement of school facilities, including furnishing and equipping of school facilities. The Bonds are general obligations of the District, payable solely from ad valorem property taxes. A summary of the text of the ballot language was as follows:

"To prepare Western Nevada County area students for jobs/four-year colleges, provide for lifelong learning, improve safety, and accommodate increasing enrollment by repairing, acquiring, constructing, equipping buildings, sites, classrooms, labs, and libraries, shall School Facilities Improvement District Number 2 (Western Nevada County Campus Area) of Sierra Joint Community College District issue $44,400,000 in bonds, at legal rates, with no money for administrators' salaries, and with citizen oversight and guaranteed annual audits?"

The project scope was created by the Board of Trustees of Sierra Joint Community College District in conjunction with the District's Facilities Master Plan at its June 22, 2004 meeting. That scope was as follows:

- Construct new flexible classroom building.
- Construct Public Safety Training Facility.
- Construct Fine and Performing Arts Center.
- Classroom renovations.
- Computer lab renovations.
- Construct Physical and Health Education building.

- Renovate Student Center.
- Renovate and expand Administration and Student Services.
- Renovate and expand Corporation Yard and Physical Plant.
- Campus Wide Upgrades.

When the project design was completed in 2007 and the construction cost was calculated, the estimated cost exceeded the District’s construction budget and the Board of Trustees amended the scope of work at a special meeting on February 5, 2008. The amended project scope excluded the renovation and expansion of the Corporation Yard and Physical Plant, and the expansion of the Administration building. The Trustees also directed the College staff to move forward with construction of a new classroom building and the two new art buildings, but to re-work the project scope to stay within budget and complete as much of the original scope as possible. The second phase of the project was then re-designed to include the construction of a Gymnasium and a separate Wellness Center in place of the Physical and Health Education building, and the construction of a Multipurpose Facility in place of the Fine and Performing Arts Center. The Multipurpose Facility was designed and built to not only accommodate various types of performances, but is also flexible enough to be used for other (instructional and community) purposes as well.

On April 21, 2005, the District issued $18,000,000 of Measure G, Series A bonds to fund the construction, rehabilitation or replacement of school facilities. The interest rate ranges from 3.20% to 5.00%. The final maturity date of Series A bonds is August 1, 2029.

On June 21, 2007, the District issued Measure G, Series B bonds to fund the acquisition, construction and development of a new campus. Serial Bonds of $4,260,000 bear interest at a rate of 4.00%, maturing August 1, 2012. Interest payments are due semiannually on February 1 and August 1 of each year, commencing February 1, 2008. Capital Appreciation Bonds of $22,136,517 bear interest at rates ranging from 4.15% to 6.32%. Bonds maturing August 1, 2013 to August 1, 2031 are payable only at maturity on August 1 of each year, and interest on such Capital Appreciation Bonds is compounded semiannually on February 1 and August 1 of each year, commencing June 21, 2007. The Capital Appreciation Bonds mature June 1, 2032 and interest on such Capital Appreciation Bonds is compounded semiannually on June 1 and December 1 of each year commencing June 21, 2007.

The Bonds represent an obligation of the District payable solely from ad valorem property taxes levied and collected by the Counties of Placer and Nevada on properties within Improvement District No. 2. The Board of Supervisors of each of the Counties has power and is obligated to annually levy ad valorem taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the Improvement District No. 2 without limitation of rate or amount, except as to certain personal property which is taxable at limited rates.

The financial activity related to the Measure G General Obligation Bonds is recorded in the District's Financial Activity Report for Fund 4120.
